SOFTWARE ENGINEER

I recently graduated in software engineering with a strong background in coding concepts, algorithms, and approaches to software development. With a strong ability to solve problems and work well in teams, I pay close attention to details. I am eager to apply skills in real-world projects and further develop under expert mentorship.

TECHNICAL SKILLS

Languages : Python, C/C++, Java, Shell, Dart
Frameworks : Flutter, Flask, TensorFlow
Databases : MySQL, SQL, Firestore
Tools/Platform : Docker, Linux, Android Studio, Git
Miscellaneous : GCP, Power BI, EDA

EXPERIENCE

SWE Intern

Cognus Technology

May 2023 – August 2023

Udaipur, Rajasthan

- Contributed to live project **Gradding** using **Flutter**, **Dart**, and Figma.
- Designed intuitive on-boarding with **questionnaires** and document uploads, **handling return** cases seamlessly.
- Conducted in-depth market research on competing applications, analyzing **features** and identifying **gaps** to streamline on-boarding app development by **25%**.

EDUCATION

Sir Padampat Singhania University

Bachelor of Technology in Computer Science(Artificial Intelligence - Machine Learning)

Udaipur, Rajasthan

October 2020 – May 2024

PROJECTS

ECG Analysis using Deep learning - Research Project

January 2024 - April 2024

- Designed CNN model architecture with accuracy of **80%** for classifying raw 12 lead ECG Statements.
- Solved class unbalancing with **SWT(Stationary Wavelet Transformation)** for augmentation the minor ECG classes
- Used **PTB-XL**(v0.3) ECG dataset, consist of **21K+** records taken from **18K+** patients for 10 seconds.

OBE Module for University - Major Project

October 2023 - December 2023

- Build OBE module for implementing the OBE curriculum with easiness
- Implement a robust relational database structure with MySQL's **3-level normalization** ensures efficient data storage and retrieval
- Implementing business logic for assessing student **learning outcomes** involves analyzing their performance, aligning it with program goals, and providing feedback for improvement.

More Projects

ACHIEVEMENTS

Silver Medalist - Coding Hackathon, 2023. [Certificate](#)
Silver Medalist - All India IEEE Ideathon,2021. [News](#)
Gold Medalist - All India IEEE SPSU Ideathon,2020. [News](#)
Automate the Boring Stuff with Python Programming by Al Sweigart - on Udemy. [Certificate](#)
Docker Essentials - By IBM. [Certificate](#)
Data Science Training - on Internshala. [Certificate](#)

ACTIVITIES

Google Badges: Career Readiness - Associate Cloud Engineer Path. [Certificate](#) [Credly](#)
Exploring Federated Learning as part of my International Research Internship. [Certificate](#)
Writing research paper on my Bloom Taxonomy Level Classification Project
